Re: Notice of Violation
The University of Mississippi
Hazardous Waste EPA ID MSD981865470
Lafayette County, Mississippi

Our office conducted a joint inspection with EPA of your facility on Thursday, March 21, 2002. At the time of our inspection, we witnessed several open 5 gallon containers in the chemistry and pharmacy departments. This is a violation of Part 262 of the MHWMR which requires that the satellite accumulation containers to be closed except when it is necessary to add or remove waste.

Please notify us within ten (10) days of receipt of this letter of actions taken to insure compliance with this regulation. If you have any questions or comments, you may contact me directly at (601) 961-5149.

Respectfully,
